

6 WEEK AGILITY TRAINING SESSIONS

Our agility program is designed to help get our area athletes in the proper condition to handle the upcoming baseball season. This program will strengthen the core of the body to help with velocity and arm strength from any position. We promote arm health by using bands and light weights for shoulder strength and conditioning. To take away some of the pressure that throwing puts on the elbow, we work on hand and forearm training. We also focus on agility exercises, sprint work, overall strength, endurance and flexibility.
