

The Balls-n-Strikes Baseball Training Program focuses on fundamental development. The success of this program has been proven through player results over the last several years. Players select hitting, pitching, catching, or fielding for the ENTIRE 6 week program.

The program is designed for players between the ages of 5 and 13 and incorporates graduation levels so players can build week to week and stay on track during these important fundamental development years. Players will be divided into groups of 4 based on age and ability. The V-coach video system will be used during one week of each session so players can acquire practical experience with the teaching technology that is currently available to high level, advanced players.
